A little about us

A Model UN Conference is an extra-curricular activity in which students typically roleplay delegates to the United Nations and simulate UN committees, which is generally organized by a MUN club or the school or a University.

Here, Students take on the roles of UN representatives and members of other international bodies and national cabinets and learn about the workings of international politics and problem solving.

Having said that, BME Model United Nations, is similar on the grounds of a Model UN, as an organization we take responsibility in order to spread the message of peace by inculcating values of dialogue in order to solve pressing global issues.

We at BME Model United Nations are convinced that such an experience is crucial so as to understand the world around us. Participants will develop their abilities to work with others who are equally motivated and passionate about the topics of debate and to respond to global concerns.

What do we care about?

By engaging in topics concerning security, economic development, and social progress, delegates learn to navigate the complexities of international negotiation and teamwork, adopt new perspectives and develop comprehensive resolutions to pressing global issues.

We host events such as info-fests, conferences, community volunteering, etc.

Benefits of Joining:

- Develop comprehensive knowledge about various global issues
- Fosters creative thought processes to solve problems in collaboration
- Develop skills of negotiation, arbitration, mediation
- Improve Capability to understand and negotiate market values and economic impact
- Improve communication, debating and public speaking skills
- Improve team work and leadership skills
- Global peer networking
